

Welcome to Intra-National Home Care, LLC

CONTACT INFORMATION

Intra-National Home Care LLC is a distinguished non-medical home care, companionship, homemaker and consumer chore based service provider. We assist families across all cultures and diverse communities who want to live in their homes and maintain their independence, dignity and choice.

We believe in our hearts and have proven from experience that staying at home is the better choice for most of the elderly and disabled clients we care for. At home, they can be close to family and they enjoy the privacy and familiarity of their own residences. No other place on earth can equal the peace and security that we feel when we are at home – this makes home the best place to grow older, recovery from illness and injury.
